Coastal Charts for Cruising the Florida Keys are effective when used alone or as a companion to the new Cruising the Florida Keys (pb original) by Claiborne Young and Morgan Stinemetz. With this book in hand, boaters can cruise down the Jersey Shore--from New York Harbor to Delaware Bay--in the good company of Captain Donald Launer. Captain Launer brings many years of experience as a skipper of small boats to

this engaging nautical and historical guide to New Jersey's tidal waters. Cruise with him from the New Jersey/New York state line near the mouth of the Hudson River, past Raritan Bay and Sandy Hook, and into the Manasquan Inlet. From there, he gives you a choice of voyages: the inside route through the Intracoastal Waterway to Toms River, Barnegat Bay, Atlantic City, and Cape May, or taking the offshore passage. Then you explore the Delaware Bay and its tributaries and cruise up the Delaware River to Trenton. This revised edition contains updated information about onshore facilities, marinas, restaurants, stores, sites of interest, docking fees, bridge heights, maritime service stations, weather, navigation, and safety, as well as post-September 11 regulations in the waters around New York City. The book also includes a wealth of photographs and sea charts. Donald Launer, who holds a U.S. Coast Guard captain's license, has explored the New Jersey waters in every kind of small craft since he first sailed in Barnegat Bay at the age of eight. His articles on recreational boating have appeared in Good Old Boat Magazine, Cruising World, The

Beachcomber, Offshore, and Sail. He berths his schooner, Delphinus, in Forked River, New Jersey.

Fair winds and fine cruising is author Chris

Doyle's wish for readers of this popular, newly updated guide to the 10 island nations of this enchanting Caribbean chain. Doyle's background in research makes this volume rich in practical details; yet its tone is conversational. His is also an intimate knowledge, gathered from more than 20 years of live-aboard Caribbean cruising on his Carib 41 Helos, a former charterboat. The Leewards are a cultural and topographic mix, and Doyle addresses them by geographical grouping. The Renaissance Islands (St. Martin, St. Barts and Anguilla), an economically strong bareboating enclave, offer short cruising passages and a wide choice of anchorages. The Islands That Brush the Clouds - a volcanic chain strung between Saba and Montserrat - present cruisers with a variety of channels and terrain. Most broadly strewn are the Islands of Mountains and Mangroves, a patchwork chiefly of rugged rainforest and exotic fauna, guarded in spots by spectacular reefs. The southern Leewards in particular have cried for reliable charting. Doyle provides aid throughout, using GPS coordinates, a trove of charts and color maps. All are cross-referenced with the

newly released Caribbean Yachting Charts, exactly detailed and available through Cruising Guide Publications. Spectacular photographs add a visual feast. Onshore accommodations, transportation, communications, entertainment and provisioning are also addressed throughout the guide, and in an exhaustive directory by island and service type.
