The Science of Kabbalah (Pticha) is the first in a series of texts that Rav Michael Laitman, Kabbalist and scientist, designed to introduce readers to the special language and terminology of the Kabbalah. Here, Rav Laitman reveals authentic Kabbalah in a manner that is both rational and mature. Readers are gradually led to an understanding of the logical design of the Universe and the life whose home it is. The Science of Kabbalah, a revolutionary work that is unmatched in its clarity, depth, and appeal to the intellect, will enable readers to approach the more technical works of Baal HaSulam (Rabbi Yehuda Ashlag), such as 'Talmud Eser Sefirot' and Zohar. Although scientists and philosophers will delight in its illumination, laymen will also enjoy the satisfying answers to the riddles of life that only authentic Kabbalah provides. Now, travel through the pages and prepare for an astonishing journey into the 'Upper Worlds'.

The story of a woman's search for strength and independence Meet Akhilandeshwari, Akhila for short: forty-five and single, an income tax clerk and a woman who has never been allowed to live her own life—always the daughter, the sister, the aunt, the provider. Until the day she gets herself a one-way ticket to the seaside town of Kanyakumari, gloriously alone for the first time in her life and determined to break free of all that her conservative Tamil brahmin life has bound her to. In the intimate atmosphere of the ladies coupe which she shares with five other women, Akhila gets to know her fellow travellers: Janaki, pampered wife and confused mother; Margaret Shanti, a chemistry teacher married to the poetry of elements and an insensitive tyrant too self-absorbed to recognize her needs; Prabha Devi, the perfect daughter and wife, transformed for life by a glimpse of a swimming pool; fourteen-year-old Sheela, with her ability to perceive what others cannot; and Marikolanthu, whose innocence was destroyed by one night of lust. As she listens to the women's stories, Akhila is drawn into the most private moments of their lives, seeking in them a solution to the question that has been with her all her life: Can a woman stay single and be happy, or does a woman need a man to feel complete? Note: This book is in the Hindi language and has been made available for the Kindle, Kindle Fire HD, Kindle Paperwhite, iPhone and iPad, and for iOS, Windows Phone and Android devices.

Mera Aajeevan Karavas umesh kumar chaurasia

When the ardor to discover myself overpowered me, I found myself teleported to the childhood days where I was trying to find myself… Here, in the memories, I relived my tender age. But this time, the old happenings felt less like solemnity and more like shenanigans. In all the waggery, my Bal-Guru’s presence was predominant. Although he had arrived from the village to the city to acquire knowledge, he had earned the title of ‘the sex-confidant’ in his friend circle... thereafter, he was the one who enlightened all my friends. Sometimes, he poured such secrets in the young minds that it made them eager to try ‘adult activities’. He was also worried about the marital life of all my friends…my entire childhood was steeped in his energy. Bal-Guru is the explicit sample of a carefree childhood, which may somewhere convey a ‘bigger message’. However, it is also possible that somewhere, one might find oneself…
