CHAMBERS WATSON

Clear Your Clutter with Feng Shui (Revised and Updated) Simon and Schuster
 Overseeing his reluctant staff during an overnight inventory, Woody, an American manager of a British bookstore, works everyone to their limits to prove himself to his superiors but finds the job compromised by a series of bizarre events, including an employee's spontaneous illiteracy and another worker's death in a hit-and-run accident. Reprint.
How to Simplify Your Life Penguin UK
 NEW YORK TIMES BESTSELLER • From the stars of the Netflix series *Get Organized with The Home Edit* (with a serious fan club that includes Reese Witherspoon, Gwyneth Paltrow, and Mindy Kaling), here is an accessible, room-by-room guide to establishing new order in your home. "A master class on how to arrange even your most unattractive belongings—and spaces—in an aesthetically pleasing and easy-to-navigate way."—*Glamour* (10 Books to Help You Live Your Best Life) Believe this: every single space in your house has the potential to function efficiently and look great. The mishmash of summer and winter clothes in the closet? Yep. Even the dreaded junk drawer? Consider it done. And the best news: it's not hard to do—in fact, it's a lot of fun. From the home organizers who made their orderly eye candy the method that everyone swears by comes Joanna and Clea's signature approach to decluttering. *The Home Edit* walks you through paring down your belongings in every room, arranging them in a stunning and easy-to-find way (hello, labels!), and maintaining the system so you don't need another do-over in six months. When you're done, you'll not only know exactly where to find things, but you'll also love the way it looks. A masterclass and look book in one, *The Home Edit* is filled with bright photographs and detailed tips, from placing plastic dishware in a drawer where little hands can reach to categorizing pantry items by color (there's nothing like a little ROYGBIV to soothe the soul). Above all, it's like having your best friends at your side to help you turn the chaos into calm. Includes a link to download and print the labels from a computer (you will need 8-1/2 x 11-inch clear repositionable sticker project paper, such as Avery 4397).
Prague Fatale Random House
 This volume brings together the ideas put forward at an international conference on Metaphor and Translation held at the University of Toulon, France, in June 2017. The bilingual nature of the contributions here provides an insight into recent linguistic theories from both the English- and French-speaking worlds. This diversified approach is further enhanced by contributors being

based in a large number of countries worldwide and working on different language combinations. The kinds of problem areas investigated here include a wide range of themes. They cover aspects ranging from methodological and theoretical issues to specialist areas such as literature, culture and the economy. Whatever the theoretical approach applied, the findings come up with interesting and useful conclusions as to how metaphor is translated in the types of discourse analysis proposed. As a result, this volume will be of interest to both scholars and students involved in metaphor studies and translation, as well as to professional translators wishing to keep track of recent theories and practical issues in the field.

The Gentle Art of Swedish Death Cleaning Vandenhoeck & Ruprecht

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.

Simply Clean Harper Collins

This e-book is a shorter version of the paperback, with the same beautifully designed content excluding the practical exercise pages - perfect to dip in and out, and choose which bits work best for you. Join the Calm revolution. Modern life is hectic and relentless: trains delayed, endless emails filling the inbox, kids squabbling before bedtime... There has never been a more important time to rediscover your pause button. Calm is the book that will show you how to take back a little bit of peace, space and all-important calm. This book contains the simple tools, tricks and habits that will change the rest your life. It is a practical and pleasurable guide to twenty-first century mindfulness. Regular meditation is medically proven to be good for you - it increases focus and creativity, productivity and job satisfaction, mental and even physical health. But in reality most of us don't have time to sit on a cushion with our eyes closed for half an hour every day. And many people associate meditation with hard work and huge lifestyle shifts: you might be imagining Buddhist monks locked in a mountain retreat and living off gruel... This is where Calm comes in. Calm is about simple, achievable habits that work with

the demands of your busy life instead of pretending those demands don't exist. Calm does not require specialist training: it uses abilities that every single one of us is born with, like creativity, spontaneity and simply noticing the world around you. Calm is not a set of rules that you need to worry about following or breaking. It is inspirational, practical and non-prescriptive. Onerous, time-consuming meditation might seem out of reach but everyone can achieve calm - including you. Calm combines extracts from fascinating neurological research with wisdom from history's great thinkers and the real-life experiences of individuals across the globe. It demystifies mindfulness and shows you the many simple ways to be mindful while carrying on with your life. It is also a beautifully crafted object, filled with artwork and artistry, that will change your perspective by showing you the pleasures of the world anew. Take a walk with nowhere to go, savour a chocolate on the tip of your tongue, plant a seed, doodle aimlessly, turn off your mobile phone for five short minutes. Smile, breathe and go slowly. Michael Acton Smith has written a game-changing book, one that will finally balance everyone's need for calm with the realities of modern life. Join the Calm revolution. Calm your mind; change your world. Calm.com @calm
Under a Vampire Moon Eulenspiegel Verlag
 An argument that social, political, and economic systems maintain power by discarding certain people, places, and things. Discard studies is an emerging field that looks at waste and wasting broadly construed. Rather than focusing on waste and trash as the primary objects of study, discard studies looks at wider systems of waste and wasting to explore how some materials, practices, regions, and people are valued or devalued, becoming dominant or disposable. In this book, Max Liboiron and Josh Lepawsky argue that social, political, and economic systems maintain power by discarding certain people, places, and things. They show how the theories and methods of discard studies can be applied in a variety of cases, many of which do not involve waste, trash, or pollution. Liboiron and Lepawsky consider the partiality of knowledge and offer a theory of scale, exploring the myth that most waste is municipal solid waste produced by consumers; discuss peripheries, centers, and power, using content moderation as an example of how dominant systems find ways to discard; and use theories of difference to show that universalism, stereotypes, and inclusion all have politics of discard and even purification—as exemplified in “inclusive” efforts to broaden the Black Lives Matter movement. Finally, they develop a theory of change by considering “wasting well,” outlining techniques, methods, and propositions for a justice-oriented discard studies that keeps power in view.
Create Space Timber Press
 Cut the clutter, live better with less, give yourself headspace, and

enjoy life more. Create Space shows you how taking steps to clear and simplify your living space can also clear your mind, improve your relationships, and enhance your well-being. This room-by-room guide to organizing and decluttering your home is packed with ideas, advice, tips, and techniques that are practical and functional as well as beautiful. Turn chaos into calm with step-by-step methods that you can adapt and sustain for your own needs. When you stop allowing your life to revolve around things that don't matter, you instantly gain energy to focus on the things that do. Reclaim your space, your time, and your mind right now, to reorganize your living space into a place of sanctuary.

Metaphor and Translation transcript Verlag

The #1 New York Times bestseller! Now a Hulu original series starring Reese Witherspoon and Kerry Washington. "I read *Little Fires Everywhere* in a single, breathless sitting." —Jodi Picoult "To say I love this book is an understatement. It's a deep psychological mystery about the power of motherhood, the intensity of teenage love, and the danger of perfection. It moved me to tears." —Reese Witherspoon "Extraordinary . . . books like *Little Fires Everywhere* don't come along often." —John Green From the bestselling author of *Everything I Never Told You*, a riveting novel that traces the intertwined fates of the picture-perfect Richardson family and the enigmatic mother and daughter who upend their lives. In Shaker Heights, a placid, progressive suburb of Cleveland, everything is planned—from the layout of the winding roads, to the colors of the houses, to the successful lives its residents will go on to lead. And no one embodies this spirit more than Elena Richardson, whose guiding principle is playing by the rules. Enter Mia Warren—an enigmatic artist and single mother—who arrives in this idyllic bubble with her teenage daughter Pearl, and rents a house from the Richardsons. Soon Mia and Pearl become more than tenants: all four Richardson children are drawn to the mother-daughter pair. But Mia carries with her a mysterious past and a disregard for the status quo that threatens to upend this carefully ordered community. When old family friends of the Richardsons attempt to adopt a Chinese-American baby, a custody battle erupts that dramatically divides the town—and puts Mia and Elena on opposing sides. Suspicious of Mia and her motives, Elena is determined to uncover the secrets in Mia's past. But her obsession will come at unexpected and devastating costs. *Little Fires Everywhere* explores the weight of secrets, the nature of art and identity, and the ferocious pull of motherhood—and the danger of believing that following the rules can avert disaster. Named a Best Book of the Year by: People, The Washington Post, Bustle, Esquire, Southern Living, The Daily Beast, GQ, Entertainment Weekly, NPR, Amazon, Barnes & Noble, iBooks, Audible, Goodreads, Library Reads, Book of the Month, Paste, Kirkus Reviews, St. Louis Post-Dispatch, and many more... Perfect for book clubs! Visit celesteng.com for discussion guides and more.

German All-in-One For Dummies Crown Books for Young Readers Although the Breslau arts scene was one of the most vibrant in all of Weimar-era Germany, it has largely disappeared from memory. Studies of the influence of Weimar culture on modernism have focused almost exclusively on Berlin and the Dessau Bauhaus, yet the advances that occurred in Breslau affected nearly every intellectual field, forming the basis for aesthetic modernism internationally and having an enduring impact on visual art and architecture. Breslau boasted a thriving modern arts scene and one of the premier German arts academies of the day until the Nazis began their assault on so-called degenerate art. This book charts the cultural production of Breslau-based artists, architects, art collectors, urban designers, and arts educators who operated in the margins of Weimar-era cultural debates. Rather than accepting the radical position of the German avant-garde or the reactionary position of German conservatives, many Breslauers sought a middle ground. This richly illustrated volume is the first book in English to address this history, constituting an invaluable addition to the literature on the Weimar period. Its readership includes scholars of German history, art, architecture, urban design, planning, collecting, and exhibition history; of the avant-garde, and of the development of arts academies and arts pedagogy.

Magic Cleaning: Wie Wohnung und Seele aufgeräumt bleiben Harmony

In this revised and updated edition of her classic, bestselling book, Karen Kingston draws on her wealth of experience as a clutter clearing, space-clearing, and feng shui practitioner to show you how to transform your life by letting go of clutter. Sfera E Il Labirinto Kyle Books

Sich vom ganzen Ballast befreien und endlich wieder aufatmen! Wünschen wir uns das nicht alle? Stattdessen fühlen wir uns nicht mehr wohl im vollgestopften Zuhause mit seinen überquellenden Schränken. Manches wächst einem buchstäblich über den Kopf: Meterhohe Papierstapel und Zettelwirtschaft, volle Terminkalender und Freizeitstress, digitale Reizüberflutung und überbordender Konsumwahn. Oft hetzen wir dann planlos durch einen überladenen Alltag, der uns nur noch überfordert. Wie der physischen Unordnung, dem emotionalen Durcheinander und Gedankenwirrwarr begegnen? Wenn in unserem Leben das Chaos regiert, hilft nur noch eins: Aufräumen und den Kopf klarkriegen. So bringen wir nicht nur die eigenen vier Wände, sondern auch unser Seelenleben wieder in Ordnung. Gabi Raeggel zeigt achtsame Wege auf zu einem "entrümpelten" und entspannteren Alltag mit neuen Freiräumen. Praktische Übungen veranschaulichen, wie man sich von überflüssigen Dingen trennt, die nur noch belasten. Inspirierende Anregungen, wie wir lernen, loszulassen und ein aufgeräumteres und glücklicheres Leben zu führen.

The Cleaning Ninja MIT Press (MA)

From the #1 New York Times bestselling author and star of Netflix's *Tidying Up with Marie Kondo*, this graphic novel brings Kondo's life-changing tidying method to life with the fun, quirky story of a woman who transforms her home, work, and love life using Kondo's advice and inspiration. In *The Life-Changing Manga of Tidying Up*, Marie Kondo presents the fictional story of Chiaki, a young woman in Tokyo who struggles with a cluttered apartment, messy love life, and lack of direction. After receiving a complaint from her attractive next-door neighbour about the sad state of her balcony, Chiaki gets Kondo to take her on as a client. Through a series of entertaining and insightful lessons, Kondo helps Chiaki get her home - and life - in order. This insightful, illustrated case study is perfect for people looking for a fun introduction to the KonMari Method of tidying up, as well as tried-and-true fans of Marie Kondo eager for a new way to think about what sparks joy. Featuring illustrations by award-winning manga artist Yuko Uramoto, this book also makes a great read for manga and graphic novel lovers of all ages.

Magic Cleaning McGraw Hill Professional

As the adults sit down to gossip over a long wedding lunch and the rest of the children rush off to play, a young boy slips out of sight beneath the table. Tommy is twelve years old but his weak heart prevents him from joining his cousins' games, so he sets his MP3 player to record the voices chattering above him. But then the conversation turns to his mother's death and he overhears something he was never meant to know: that she didn't die of an illness, but took her own life. Confused and hurt, Tommy keeps what he has learned to himself and begins his own secret investigation into what really happened. At the same time, his father and stepmother have problems of their own to contend with. Juan is racked by private grief and guilt after the death of one of his patients, and Alma, his second wife, senses an increasing distance in their marriage and gradually finds herself drawn back towards an old flame. As all three withdraw into their own worlds, leaving more and more unsaid between them, their family story moves inexorably, affectingly towards its devastating conclusion.

Discard Studies Birkhäuser

The authors of *Thoughtful Interaction Design* go beyond the usual technical concerns of usability and usefulness to consider interaction design from a design perspective. The shaping of digital artifacts is a design process that influences the form and functions of workplaces, schools, communication, and culture; the

successful interaction designer must use both ethical and aesthetic judgment to create designs that are appropriate to a given environment. This book is not a how-to manual, but a collection of tools for thought about interaction design. Working with information technology—called by the authors "the material without qualities"—interaction designers create not a static object but a dynamic pattern of interactivity. The design vision is closely linked to context and not simply focused on the technology. The authors' action-oriented and context-dependent design theory, drawing on design theorist Donald Schön's concept of the reflective practitioner, helps designers deal with complex design challenges created by new technology and new knowledge. Their approach, based on a foundation of thoughtfulness that acknowledges the designer's responsibility not only for the functional qualities of the design product but for the ethical and aesthetic qualities as well, fills the need for a theory of interaction design that can increase and nurture design knowledge. From this perspective they address the fundamental question of what kind of knowledge an aspiring designer needs, discussing the process of design, the designer, design methods and techniques, the design product and its qualities, and conditions for interaction design.

Little Fires Everywhere (Movie Tie-In) Penguin

Discover the books that inspired the Netflix phenomenon *Tidying Up with Marie Kondo*, now together in a gorgeous keepsake package: *The Life-Changing Magic of Tidying Up* and *Spark Joy*. Japanese decluttering expert Marie Kondo has taken the world by storm with her Netflix show, *Tidying Up with Marie Kondo*. The Overnight Vermilion

Das Historische Wörterbuch des Mediengebrauchs ist konzipiert als umfassende Informationsquelle im Bereich Medienwissenschaften. Es liefert nicht nur eine Analyse der Verwendung medialer Begrifflichkeiten, sondern bietet auch eine historische Sicht auf die Wechselwirkung zwischen Medien und ihrem Gebrauch. Erst der Gebrauch formt das Medium. Auch der dritte Band des Historischen Wörterbuchs des Mediengebrauchs ermöglicht schnelle und leicht zugängliche Orientierung im Problemfeld der Medien. Als umfassende Informationsquelle für Forschende, Lehrende und Studierende macht es durch vergleichende Beobachtungen unterschiedliche Umgangsformen und Gebrauchsweisen in der Medienwelt fassbar. Die Sammlung disziplinärer Grundbegriffe wurde erweitert und vereint etablierte Formen des Mediengebrauchs wie "sammeln" und "vorlesen" mit aktuellen Wortschöpfungen wie "faken" und "spoilern". In Anekdoten, Etymologien, Kontexten, Konjunkturen, Gegenbegriffen, Perspektiven und Forschungen wird die Gebrauchsgeschichte der Medien historisch transparent.

Spark Joy Macmillan

From the 1950s, Lucius Burckhardt (1925–2003) focused on planning, design, and construction in a democracy. His astute observations and critical analysis have had a fundamental effect on the design of our environment, on teaching in the architectural/planning professions, and on our understanding of what "city" means. His research, which - between mighty commercial interests and conflicting political aspirations focuses on the benefit for the entire population - is indispensable when and wherever buildings are planned, designed, built, and inhabited. With a new selection of texts, this book ploughs a furrow through Lucius Burckhardt's theory of planning.
