DILLON RACHAEL

L'univers: histoire et description de tous les peuples BRILL
THAT A JEW LIVING IN NAZI BERLIN survived the Holocaust at all is surprising. That he was a homosexual, and also a leader in the resistance, and survived is amazing. But that he endured the ongoing horror with an open heart, with love and humor and without vitriol, and has now written about it so beautifully is truly miraculous. This is Gad Beck's story. Love gave Gad Beck both the impetus and strength to fight. Born Gerhard Beck in a Christian-Jewish household, he first experienced the growing

power and influence of National Socialism only as an uncertain threat. As Jews began to be forced out of German social, political, and economic life, the young Gerhard embraced his Jewish heritage, joined Zionist youth groups, and took the Hebrew name Gad. Then the Nazis came for Manfred Lewin, Beck's first love, and for the Lewin family. Gad's love for Manfred gave him the courage to don a three-sizes-too-large Hitler Youth uniform, march into the assembly camp where the Lewins were being held, and demand -- and obtain, to his astonishment -- the release of his lover. But Manfred would not leave without his family, and so went back into the camp. The Lewins did not survive. Still in his teens, Gad Beck was soon an important contact in Berlin for the Swiss-based Zionist organization

Hechalutz and led a resistance group, Chug Chaluzi, that aided Jews with food, housing, and escape plans. Coming of age in a city under constant bombardment, carrying on resistance work and a series of romantic gay relationships despite the constant risk of arrest by the Gestapo, Beck reveals a tenacity and irrepressible spirit that is his real legacy. His determination to keep loving, living, and believing in every human possibility without compromise -- even in the face of the unthinkably monstrous -- makes this quite a different story of the Holocaust.

CreateSpace

A personal account of the Second World War by a White Russian princess who lived in Berlin and Vienna with insights into the ever-harsher conditions of civilian life and the ethical dilemma of upper-class anti-Nazis

The Athenaeum University Press of America

This is a comprehensive description and analysis of the 38 Combat-SS Divisions. The author was granted unparalleled access to all SS personnel files housed in the Document Center in Berlin, as well as interviews with veterans who served in these units. The result of this painstaking research is the most definitive work on the Combat-SS to be published in English. The author seeks to present facts that will correct the mythology and propaganda surrounding the 38 Combat-SS divisions since 1945. Contents: Setting the Stage; The Political-Military Heritage; The Formative Years; Unreadiness; Command, Strategy, Operations, Tactics, and Training; A New Elite Formation: The Birth of the Combat-SS; The Start of Armageddon to the Goetterdaemmerung; The W-SS; Atrocities During WW II: Fact or Fiction? The Military Trials and Justice; Appendix; Bibliography.

On to Berlin Stanford University Press

This account focuses on the tactical operations of the Third Army and its subordinate units between 1 September and 18 December 1944.

France militaire Histoire des armées françaises de terre et de mer, de 1792 à 1833 revu et publié par A. Hugo Random House (UK)

In the pantheon of air power spokesmen, Giulio Douhet holds center stage. His writings, more often cited than perhaps actually read, appear as excerpts and aphorisms in the writings of numerous other air power spokesmen, advocates and critics. Though a highly controversial figure, the very controversy that surrounds him offers to us a testimonial of the value and depth of his work, and the need for airmen today to become familiar with his thought. The progressive development of air power to the point where, today, it is more correct to refer to aerospace power has not outdated the notions of Douhet in the slightest. In fact, in many ways, the kinds of technological capabilities that we enjoy as a global air power provider attest to the breadth of his vision. Douhet, together with Hugh "Boom" Trenchard of Great Britain and William "Billy" Mitchell of the United States, is justly recognized as one of the three great spokesmen of the early air power era. This reprint is offered in the spirit of continuing the dialogue that Douhet himself so perceptively began with the first edition of this book, published in 1921. Readers may well find much that they disagree with in this book, but also much that is of enduring value. The vital necessity of Douhet's central vision--that command of the air is all important in modern warfare--has been proven throughout the history of wars in this century, from the fighting over the Somme to the air war over Kuwait and Iraq.

The Oxford University Studies in the Enlightenment series,

previously known as SVEC (Studies on Voltaire and the Eighteenth Century), has published over 500 peer-reviewed scholarly volumes since 1955 as part of the Voltaire Foundation at the University of Oxford. International in focus, Oxford University Studies in the Enlightenment volumes cover wide-ranging aspects of the eighteenth century and the Enlightenment, from gender studies to political theory, and from economics to visual arts and music, and are published in English or French.

Command Of The Air U of Minnesota Press

Berlin in the 1920s was home to some of the most extraordinary minds of modern times, and was a vigorous melting pot of radical new ideas and concepts in every field. Comprising essays on the key movements and figures of the era, this profusely illustrated book is a highly readable portrait of this astonishing cultural ferment and its most important protagonists.

From Berlin Reaktion Books

MacDonogh shows Berlin's history in its various incarnations as trading town, royal residence, garrison town, industrial city, capital of the new German nation, cosmopolitan city, divided city after 1945, and finally the capital once more

Dictionnaire historique, critique et bibliographique Greenwood Publishing Group

Berlin, a haunting vision of the twentieth century's first modern city, is a cultural history filled with 400 shockingly fresh and romantic photographs, paintings, and other images. In the brief years between the twentieth century's two cataclysmic world wars, the modern metropolis was invented in Berlin. Life in Berlin was a cabaret, and Marlene Dietrich, Thomas Mann, Alfred Einstein, or Joseph Goebbels might be seated at the next table. The avant-garde thrived there. The mass media magnified the impact of everything from fads to political ideas. Subcultures and club cultures nurtured gender-bending fashions and lifestyles. Architects and designers struggled to free themselves from the past. In the background beat the new rhythms of urban experience: the coming and going of the latest planes and trains and automobiles, the clacking of typewriters in vast offices, the jazz band that never sleeps. *Berlin: The Twenties* is a book for history buffs, travelers, and lovers of modern art and design.

The Ardennes Viking Adult

Nightfall, 6th June 1944. D-Day is over and the Allies have carved a tenuous foothold in Fortress Europe. The future of Europe hangs in the balance as Hitler's formidable SS Panzer troops threaten to drive them back into the sea. From the beaches of Normandy to the heart of Hitler's Reich and ultimate victory just 11 months later. Operations from D-Day to Berlin mark one of the greatest ever military offensives. The Allies overcame initial setbacks to inflict a devastating defeat on Hitler's crack divisions in France - a victory that was threatened just months later in the bitter winter fighting of the Battle of the Bulge. The final crossing of the Rhine and the advance into Germany changed the course of European history forever. German soldiers - whose bravery and endurance made the final push through Europe the defining drama of World War II.

Some Eighteenth-century Voltaire Editions Unknown to Bengesco Harry N Abrams Incorporated

The Last 100 Yards: The Crucible of Close Combat in Large-Scale Combat Operations presents thirteen historical case studies of close combat operations from World War I through Operation Iraqi Freedom. This volume is a collection from the unique and

deliberate perspective of the last 100 yards of ground combat. In today's Army, there are few leaders who have experienced multi-domain large-scale ground combat against a near-peer or peer enemy first hand. This volume serves to augment military professionals' understanding of the realities of large-scale ground combat operations through the experiences of those who lived it. *Dictionnaire historique, critique et bibliographique, contenant les vies des hommes illustres, célèbres ou fameux de tous les pays et de tous les siècles, suivi d'un dictionnaire abrégé des mythologies, et d'un tableau chronologique ... Par une société de gens de lettres. Tome premier [-trentième]*

The twenty articles collected in this volume cover a wide range of subjects concerned with the Old Testament: religion (the divine name Shaddai; dominant religious ideas between 1500 and 600 B.C.; exclusiveness; the kingship of God), The Pentateuch (Genesis xviii-xix; Ogs iron bed; laws in Deuteronomy and Middle Assyrian laws; the Pentateuch, The Deuteronomist and Spinoza), the historical books, history and archaeology (Ugarit and Israelite origins; Arameans; the system of the twelve tribes of Israel; the text of the historical books; 1 Kings xiii; places for women in Israelite cities), the prophetic books (Amos and Hosea; Isaiah), The Apocrypha and Pseudepigrapha (Women in Ecclesiasticus and Judith; the origin of evil in apocalyptic and the Dead Sea Scrolls), and literary conventions (the explicit and the implicit; proleptic summaries). The articles (in English, French or German) were written by scholars with varying religious backgrounds from various countries, and were originally read at a Congress in Paris

of the International Organization for the Study of the Old Testament in 1992.

Sacred Bonds of Solidarity

Describes in detail Soviet-German activities on the Oder River barely 40 miles from Berlin from the end of January 1945 to the culmination of the four-day breakthrough battle that decided the fate of the German capital.

Berlin

The man who fought with and led the 82nd Airborne Division in Europe reveals much about his own qualities as leader and patriot as he records his experiences and observations during the war

Dictionnaire historique, critique et bibliographique, suivi d'un Dictionnaire abrégé des mythologies, et d'un Tableau chronologique, par une société de gens de lettres [a revised ed. of the Nouveau dictionnaire historique of L.M. Chaudon. Ed. by J.D. Goigoux].

"Despina Stratigakos is assistant professor of architecture at the University at Buffalo, State University of New York."--BOOK JACKET.
