In 1858, Drs. Henry Gray and Henry Vandyke Carter created a book for their surgical colleagues that established an enduring standard among anatomical texts. After more than 150 years of continuous publication, Gray's Anatomy remains the definitive, comprehensive reference on the subject, offering ready access to the information you need to ensure safe, effective practice. This 41st edition has been meticulously revised and updated throughout, reflecting the very latest understanding of clinical anatomy from field leaders around the world. The book's traditional lavish art programme and clear text have been further honed and enhanced, while major advances in imaging techniques

and the new insights they bring are fully captured in new state-of-the-art X-ray, CT, MR, and ultrasonic images. Presents the most detailed and dependable coverage of anatomy available anywhere. Regional organization collects all relevant material on each body area together in one place, making access to core information easier for clinical readers. Anatomical information is matched with key clinical information where relevant. Numerous clinical discussions emphasize considerations that may affect medical care. Each chapter has been edited by experts in their field, ensuring access to the very latest evidence-based information on that topic. More than 1,000 completely new photographs, including an extensive electronic collection of the latest X-ray,

CT, MR, and histological images. Carefully selected electronic enhancements include additional text, tables, illustrations, labelled imaging and videos – as well as 24 specially invited ‘Commentaries’ on new and emerging topics related to anatomy.

"Tubbs' connection to these women is palpable on the page — as both a mother and a scholar of the impact Black motherhood has had on America. Through Tubbs' writing, Berdis, Alberta, and Louise's stories sing. Theirs is a history forgotten that begs to be told, and Tubbs tells it brilliantly." — Ibram X. Kendi, #1 New York Times bestselling author of *How to Be an Antiracist* and National Book Award winner *Stamped*

from the Beginning Much has been written about Berdis Baldwin's son James, about Alberta King's son Martin Luther, and Louise Little's son Malcolm. But virtually nothing has been said about the extraordinary women who raised them. In her groundbreaking and essential debut *The Three Mothers*, scholar Anna Malaika Tubbs celebrates Black motherhood by telling the story of the three women who raised and shaped some of America's most pivotal heroes. These three extraordinary women passed their knowledge to their children with the hope of helping them to survive in a society that would deny their humanity from the very beginning—from Louise teaching her

children about their activist roots, to Berdis encouraging James to express himself through writing, to Alberta basing all of her lessons in faith and social justice. These women used their strength and motherhood to push their children toward greatness, all with a conviction that every human being deserves dignity and respect despite the rampant discrimination they faced. These three mothers taught resistance and a fundamental belief in the worth of Black people to their sons, even when these beliefs flew in the face of America's racist practices and led to ramifications for all three families' safety. The fight for equal justice and dignity came above all else for the three mothers. These women, their similarities and differences, as individuals and as

mothers, represent a piece of history left untold and a celebration of Black motherhood long overdue.

“Insightful, emotional, and enraging. By sharing his story in gripping detail, Michael Tubbs embodies an old feminist tradition whereby the personal is political. He empowers us to fight for equal opportunities for our communities, and encourages us to amass the courage to overcome loss and injustice.” —Ibram X. Kendi, National Book Award-winning author of *Stamped from the Beginning* and *How to Be an Antiracist* The making of a visionary political leader—and a blueprint for a more equitable country “Don’t tell nobody our business,” Michael Tubbs’s mother often told him

growing up. For Michael, that meant a lot of things: don’t tell anyone about the day-to-day struggle of being Black and broke in Stockton, CA. Don’t tell anyone the pain of having a father incarcerated for 25 years to life. Don’t tell anyone about living two lives, the brainy bookworm and the kid with the newest Jordans. And also don’t tell anyone about the particular joys of growing up with three “moms”—a Nana who never let him miss church, an Auntie who’d take him to the library any time, and a mother, “She-Daddy”, who schooled him in the wisdom of hip-hop and taught him never to take no for an answer. So for a long time Michael didn’t tell anyone his story, but as he went on to a scholarship at Stanford and an internship in the Obama White House, he began to realize

the power of his experience, the need for his perspective in the halls of power. By the time he returned to Stockton to become, in 2016 at age 26, its first Black mayor and the youngest-ever mayor of a major American city, he knew his story meant something. *The Deeper the Roots* is a memoir astonishing in its candor, voice, and clarity of vision. Tubbs shares with us the city that raised him, his family of badass women, his life-changing encounters with Oprah Winfrey and Barack Obama, the challenges of governing in the 21st century and everything in between—en route to unveiling his compelling vision for America rooted in his experiences in his hometown.
