*Affective Health and Masculinities in South Africa* explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

*To Have and to Hold* (1899) is a novel by American author Mary Johnston. It was the bestselling novel in the United States in the following year (1900). *To Have and to Hold* is the story of an English soldier, Ralph Percy, turned Virginian explorer in colonial Jamestown. Ralph buys a wife for himself - a girl named Jocelyn Leigh - little knowing that she is the escaping ward of King James I, fleeing a forced marriage to Lord Carnal. Jocelyn hardly loves Ralph - indeed, she seems to abhor him. Carnal, Jocelyn's husband-to-be, eventually comes to Jamestown, unaware that Ralph Percy and Jocelyn Leigh are man and wife. Lord Carnal attempts to kidnap Jocelyn several times and eventually follows Ralph, Jocelyn, and their two companions - Jeremy Sparrow, the Separatist minister, and Diccon, Ralph's servant - as they escape from the King's orders to arrest Ralph and carry Jocelyn back to England. The boat they are in, however, crashes on a desert island, but they are accosted by pirates, who, after a short struggle, agree to take Ralph as their captain, after he pretends to be the pirate "Kirby". The pirates gleefully play on with Ralph's masquerade, until he refuses to allow them to rape and pillage those aboard Spanish ships. The play is up when the pirates see an English ship off the coast of Florida. Ralph refuses to fire upon it, knowing it carries the new Virginian governor, Sir Francis Wyatt, but the pirates open fire, and Jeremy Sparrow, before the English ship can be destroyed, purposefully crashes the ship into a reef. The pirates are all killed, but the Englishmen (and woman) are rescued by the Governor's ship.

New York Times bestselling author Cathy Maxwell's delicious *Logical Man's Guide to Dangerous Women* series continues with this provocative romance between a reprobate earl and a sensible spinster who agree to marry under scandalous circumstances. Perfect for fans of Sophie Jordan and Sabrina Jeffries. Lesson #1: A man, even titled and handsome, cannot be careless forever. The Earl of Marsden—better known as Mars to all—has lived his life by his own rules...until he is presented with a very big problem in a very tiny package—a baby girl, his daughter cast off by his ex-mistress. Mars won't let his child be cast adrift, except he doesn't know the first thing about babies. Panicking, he turns to a woman for help. Not just any woman, but Clarissa Taylor, village spinster, matron-in-training, and Mars's greatest critic. Still, who better to tend a motherless child than a woman who was abandoned as a babe herself? Lesson #2: Life always plays the upper hand—especially when it comes to love. Clarissa desperately wishes to not be beholden to anyone. She has spent a lifetime being pitied by the village. Her plan is simple—to use what the intolerable earl will pay her to become her own woman. It all sounds so straightforward until the threat of scandal sends her and the one man she can't abide toward . . . marriage? Mars and Clarissa are about to learn the greatest lesson of all—that sparks always fly when the iron is hot.
