ALISSON CABRERA

A Sense of the Beginning Bloomsbury Publishing USA
 Bears have more than a passing resemblance to humans. Especially this bear, who takes pleasure in the little things in life, and, of course, the big things as well. He is generous to a fault, and if we are to take his word for it, a rather clever fellow. But, like many of us, even our bear has days when he feels dreadfully alone. Fortunately, he knows exactly what to do about it. Philip Waechter responds to this very human dilemma by creating a wonderful character, drawn with a delicately spare line but informed with great compassion and love.

The Child in the City Orion Children's Books
 "You lose your loved ones, and still you want to live." On 21 July 1942, the Nazis reached the small Polish town of Zolkiew. Life for fifteen-year-old Clara Kramer would never be the same. While those around her were either slaughtered or transported, three families found perilous refuge in a hand-dug cellar. Hers was one of them. Living above and protecting them were the Becks. Mrs.

Beck had been the families' maid. Mr. Beck was alcoholic and a self-professed anti-Semite, yet he risked his life to keep his charges safe. But survival under his protection proved to be anything but predictable. Whether it was his nightly drinking sessions with officers of the SS in the room just above or his torrid affair with one of the hiding women, it seemed that Clara and the others often had as much to fear from Beck as they did from the war. Clara's mother told her to keep a diary while they lived in the bunker in order to fill her time and "so the world would know what happened to us." Over sixty years later, Clara Kramer has finally turned those diaries into a compelling and heartbreaking memoir — a story of love and memory and survival.

Poetics of Children's Literature Hassell Street Press
 WINNER OF THE 2007 CHLA BOOK AWARD! Children's literature has transcended linguistic and cultural borders since books and magazines for young readers were first produced, with popular books translated throughout the world. Emer O'Sullivan traces the history of comparative children's literature studies, from the enthusiastic internationalism of the post-war period - which set out from the idea of a supra-national world republic of childhood -

to modern comparative criticism. Drawing on the scholarship and children's literature of many cultures and languages, she outlines the constituent areas that structure the field, including contact and transfer studies, intertextuality studies, intermediality studies and image studies. In doing so, she provides the first comprehensive overview of this exciting new research area. Comparative Children's Literature also links the fields of narratology and translation studies, to develop an original and highly valuable communicative model of translation. Taking in issues of children's 'classics', the canon and world literature for children, Comparative Children's Literature reveals that this branch of literature is not as genuinely international as it is often fondly assumed to be and is essential reading for those interested in the consequences of globalization on children's literature and culture.

Trotzkopf, Der Createspace Independent Publishing Platform
A poignant novel of political-religious awakening by one of Germany's literary stars An anonymous phone call, an unattended bag discovered in the station of a small Austrian town, a piece of paper saying, "Repent!" and "Next time it will be for real!" A C.C.T.V. image of a young man. What was it that made the teacher think it was his old student, Daniel? Ten years earlier Daniel had spent time with the teacher in his remote house by the river. The town had talked. Anton had recently returned from two years teaching in Istanbul - he was unsettled, subversive, solitary. Daniel was on the brink of adulthood - idealistic, unrequitedly in love with Judith, vulnerable to influence. Those summer weeks by the river were an idyll. But did they also sow the seeds of Daniel's later obsessiveness, his biblical attitudes, his political dogmatism? As the bomb threat excites the community with all the tension of a witch hunt, and Anton himself becomes a focus for suspicion and gossip, he anatomises his memories of the preceding decade. What went wrong for Daniel, and could he have stopped it?

Angel Fury Emblem Editions

"[H]aunting and harrowing." —Booklist (starred review) "Vivid, distressing, and all too real." —Kirkus Reviews In this 20th anniversary edition of Todd Strasser's gut-wrenching and critically acclaimed *Give a Boy a Gun*, two boys bring guns to school in search of revenge against their classmates. For as long as they can remember, Brendan and Gary have been mercilessly teased and harassed by the jocks who rule Middletown High. But not anymore. Stealing a small arsenal of guns from a neighbor, they take their classmates hostage at a school dance. In the panic of this desperate situation, it soon becomes clear that only one thing matters to Brendan and Gary: revenge. This special 20th anniversary edition includes updated backmatter and statistics on school shootings—a topic that is now more relevant than ever.

Lucky for Some Routledge

This book situates the picturebook genre within the widespread international phenomenon of crossover literature, examining an international corpus of picturebooks — including artists' books, wordless picturebooks, and celebrity picturebooks — that appeal to readers of all ages. Focusing on contemporary picturebooks, Sandra Beckett shows that the picturebook has traditionally been seen as a children's genre, but in the eyes of many authors, illustrators, and publishers, it is a narrative form that can address any and all age groups. Innovative graphics and formats as well as the creative, often complex dialogue between text and image provide multiple levels of meaning and invite readers of all ages to consider texts that are primarily marketed as children's books. The interplay of text and image that distinguishes the picturebook from other forms of fiction and makes it a unique art form also makes it the ultimate crossover genre. Crossover

picturebooks are often very complex texts that are challenging for adults as well as children. Many are characterized by difficult "adult" themes, genre blending, metafictional discourse, intertextuality, sophisticated graphics, and complex text-image interplay. Exciting experiments with new formats and techniques, as well as novel interactions with new media and technologies have made the picturebook one of the most vibrant and innovative contemporary literary genres, one that seems to know no boundaries. *Crossover Picturebooks* is a valuable addition to the study of a genre that is gaining increasing recognition and appreciation, and contributes significantly to the field of children's literature as a whole.

Give a Boy a Gun Clavis Pub

49 original essays on the essential terms and concepts in children's literature

The Magic Chalk Arthur a Levine

This book is a major study of child readers and their reading habits in the period when children's literature first became established.

"[An] important essay by a philosopher who more convincingly than any other I can think of demonstrates the continuing significance of his vocation in the life of our culture."—Karsten Harries, *The New York Times Book Review* With *The Presence of Myth*, Kolakowski demonstrates that no matter how hard man strives for purely rational thought, there has always been—and always will be—a reservoir of mythical images that lend "being" and "consciousness" a specifically human meaning. "Kolakowski undertakes a philosophy of culture which extends to all realms of human intercourse—intellectual, artistic, scientific, and emotional. . . . [His] book has real significance for today, and may well become a classic in the philosophy of culture."—Anglican Theological Review

Becoming a Reader Farrar Straus & Giroux

The goal of this book is to overcome some of the widespread misunderstandings about the meaning of a Darwinian approach to the human mind generally, and literature specifically.

Totally Lisa Chronicle Books

The *Oxford Handbook of Children's Literature* is an ambitious new resource that provides a thorough grounding in the field through a selection of original interdisciplinary essays on canonical and popular works in the Anglo American tradition. Twenty-six essays by top scholars from varied disciplines address theoretical, historical, sociological, and critical issues through analyses of classic novels such as *Alice's Adventures in Wonderland*, *Anne of Green Gables*, and *The Swiss Family Robinson*; early educational and religious works such as *The New England Primer* and *Froggy's Little Brother*; picture books, comics and graphic novels such as *Millions of Cats*, *Peanuts* and *American Born Chinese*; early readers, including *The Cat in the Hat* and *the Frog and Toad* books; newer children's classics such as *Roll of Thunder, Hear My Cry* and *Are You There, God? It's Me, Margaret*, the *Harry Potter* series and *His Dark Materials* trilogy; and works of poetry and drama, including *The Dream Keeper* and *Peter Pan*. Other media such as the classic album *Free to Be .. You and Me* and the generation-defining cartoon film *Dumbo* are also addressed. An editors' introduction sets the stage by reviewing the field's history, foundational scholarship, and current critical trends. The handbook is geared toward graduate students, advanced undergraduates, and scholars new to the study of children's literature, as well as teachers, librarians and others wishing to immerse themselves in the most vital new research in this vibrant and growing field.

The Presence of Myth Ember

Transcending Boundaries: Writing for a Dual Audience of Children and Adults is a collection of essays on twentieth-century authors who cross the borders between adult and children's literature and appeal to both audiences. This collection of fourteen essays by scholars from eight countries constitutes the first book devoted to the art of crosswriting the child and adult in twentieth-century international literature. Sandra Beckett explores the multifaceted nature of crossover literature and the diverse ways in which writers cross the borders to address a dual readership of children and adults. It considers classics such as *Alice's Adventures in Wonderland* and *Pinocchio*, with particular emphasis on post-World War II literature. The essays in *Transcending Boundaries* clearly suggest that crossover literature is a major, widespread trend that appears to be sharply on the rise.

The Last Children Routledge

Motivated by jealousy and the desire to receive acclaim as a great poet, Walid ibn Huyr, a prince of ancient Arabia, commits acts which completely change the course of his life.

Transcending Boundaries University of Georgia Press

Cadence Lightbringer, daughter of a legendary archangel, has always known her gods-endowed magic comes with a price. As an angel in the Legion of Angels, she lives where the Legion commands her to live, trains how the Legion tells her to train, and marries whom the Legion instructs her to marry. Somehow it all sounded simpler in her head. When Cadence is ordered to marry the enigmatic angel Damiel Dragonsire, a man she hardly knows, her whole perfect, predictable life is turned upside down. The wedding, however, is cut short by a dark threat that throws Cadence and Damiel into a world of magic as ancient and deadly as the original Immortals, powerful deities who once ruled the entire known universe. *Angel Fury* is the second book in the *Immortal Legacy* series.

The Oxford Handbook of Children's Literature NYU Press

Set in 1960, Nobel Prize winner Peter Handke's *Repetition* tells of Filib Kobal's journey from his home in Carinthia to Slovenia on the trail of his missing brother, Gregor. He is armed only with two of Gregor's books: a copy book from agricultural school, and a Slovenian - German dictionary, in which Gregor has marked certain words. The resulting investigation of the laws of language and naming becomes a transformative investigation of himself and the world around him. "Handke's eminence, displayed in a substantial oeuvre of plays, novels and poems, is reaffirmed brilliantly by [*Repetition*]." - Publishers Weekly

The Boy and the Whale Cambridge University Press

Their name is the "Asphalt Tribe". They are eight kids trying to survive on the streets of New York City: Rainbow, the junkie, Maggot, the anarchist, 2Moro and her friend Jewel, who go clubbing all night and engage in survival sex. There is also OG and his dog Pest, a young girl called Tears, and Maybe, the narrator. Maybe gives a candid and moving account about their chilling nights and dire days, about social workers and pimps, about pride and the struggle not to give in. But, the price these kids pay for their freedom is high and takes a cruel toll.

Me! Cambridge University Press

This novel dramatizes an incident that took place in a California school in 1969. A teacher creates an experimental movement in his class to help students understand how people could have followed Hitler. The results are astounding. The highly disciplined group, modeled on the principles of the Hitler Youth, has its own salute, chants, and special ways of acting as a unit and sweeps beyond the class and throughout the school, evolving into a society willing to give up freedom for regimentation and blind obedience to their leader. All will learn a lesson that will never be forgotten.

Asphalt Tribe Oxford University Press

Since its emergence in the seventeenth century as a distinctive cultural system, children's literature has had a culturally inferior status resulting from its existence in a netherworld between the literary system and the educational system. In addition to its official readership—children—it has to be approved of by adults. Writers for children, explains Zohar Shavit, are constrained to respond to these multiple systems of often mutually contradictory demands. Most writers do not try to bypass these constraints, but accept them as a framework for their work. In the most extreme cases an author may ignore one segment of the readership. If the adult reader is ignored, the writer risks rejection, as is the case of popular literature. If the writer utilizes the child as a pseudo addressee in order to appeal to an adult audience, the result can be what Shavit terms an ambivalent work. Shavit analyzes the conventions and the moral aims that have structured children's literature, from the fairy tales collected and reworked by Charles Perrault and the Brothers Grimm—in particular, "Little Red Riding Hood"—through the complex manipulations of Lewis Carroll in *Alice's Adventures in Wonderland*, to the subversion of the genre's canonical requirements in the chapbooks of the eighteenth century, and in the formulaic Nancy Drew books of the twentieth century. Throughout her study Shavit, explores not only how society has shaped children's literature, but also how society has been reflected in the literary works it produces for its children.

The Fox and the Raven HarperCollins

This work has been selected by scholars as being culturally important and is part of the knowledge base of civilization as we know it. This work is in the public domain in the United States of America, and possibly other nations. Within the United States, you may freely copy and distribute this work, as no entity (individual or corporate) has a copyright on the body of the work. Scholars believe, and we concur, that this work is important enough to be preserved, reproduced, and made generally available to the public. To ensure a quality reading experience, this work has been proofread and republished using a format that seamlessly blends the original graphical elements with text in an easy-to-read typeface. We appreciate your support of the preservation process, and thank you for being an important part of keeping this knowledge alive and relevant.
